Epstein-Barr virus
encoded BARF1 protein:
immunopathogenic role,
transcriptional regulation
and diagnostic use in
nasopharyngeal carcinoma

A woman with dark hair, wearing a patterned, sleeveless dress, is captured mid-jump in the ocean surf. Her arms are outstretched horizontally, and her legs are bent in a playful, jumping pose. She is barefoot. The water is a light greenish-blue, and white foam from the surf is visible at her feet. In the background, a dark, tree-lined shore is visible under a clear blue sky. The image is framed with rounded corners.
